

5/19 Planning Commission

Kyle Katz (TRORC), Brian Kovalick (TRORC), Will Brokoff, Mike Reiderer, Ally Healy

Meeting called to order by Will at 6:01

1. Approve Minutes – Motion made by Will, 2nd by Mike, unanimous
2. Work Granville Town Plan Update

Brian shared information about telecommunications facilities. Existing town plan is very out of date, looks like was carried through several plans, so this will have to be updated for this plan. He offered an overview of what can/should be included in the town plan, and cited the TRORC regional plan as a model along with other town plans that he can forward to us for review.

Reviewed Transportation. Graph in draft plan includes chart of road projects that have been recently completed and planned for near future. Discussion about road conditions, maintenance, erosion, and other needs dominated conversation and were incorporated into the draft plan, along with revised goals, policies and recommendations.

Review Utilities, Facilities and Services. Discussion about town facilities, needs for repairs & upgrades, and possible funding sources for repairs, as well as current work being done and what is needed for town cemeteries. Recommended changes to existing plan document to include in the draft plan.

Discussed education and childcare facilities and recommended changes to the current plan. Considered how childcare and employment are closely tied together and will consider language about how this impacts the Town of Granville.

3. Discussion of collaboration with White River Natural Resources Conservation District
Tabled due to time spent on Town Plan updates

4. New Business

None

5. Other business as needed

Next meeting set for June 16th at 6:00 pm at Granville Town Hall and virtually using Kyle's zoom link.

Adjourned meeting at 8:02 by unanimous consent.

Respectfully submitted by Mike Reiderer
