

WINTER ROAD MAINTENANCE SPECIFICATIONS
Town of Granville, Vermont
2026-2029

Winter road maintenance must be performed on all Class 3 Highways for a total of 16 miles which connect to VT Route 100 (except West Hill Road beyond the gate at the intersection with West Hill Extension) as shown on the official Granville Highway Map. The town highways are Maston Hill, Butz Road, Town Line Road, North Hollow Road, Post Office Hill, Buffalo Farm Road (upper and lower sections), West Hill and West Hill Extension.

Operate with equipment sufficient to wing roads back efficiently to maintain the clearing width. Width of plowing will be ditch to ditch but no more than 6 inches beyond and will include turnoff areas. At times it may be necessary to clear intersections and blind spots using a loader to push back the snow banks. Snow banks winged back as necessary.

Maston Hill Road is to be kept open as the highest priority to move people. Clear and make passable before 6:30 am.

In addition to Class 3 Highways, maintenance must be undertaken at Town Clerk's Office/Town Hall driveway and parking lot which shall be cleared by 6:30 a.m. Monday – Friday. The front lot and north side of the Fire Station cleared as needed. The UPS Post Office parking lot and the north end of Gene's Road including parking area for the Bagley Camp Trail.

Downed trees are to be removed by the Contractor as needed.

Sand sweeping from paved roads by the Contractor at end of season.

Road Commissioner will arrange for purchase and delivery of sand to be stockpiled on the south side of the Fire Station.

Selectboard will hold a pre-winter meeting with contractor and Road Commissioner to discuss procedures and expectations.

Selectboard and contractor will meet at least once during the winter season to discuss operations and clarify any questions which arise.

Day-to-day operations of the contractor will be directed by the Road Commissioner or Selectboard Chairperson. Daily log sheets will be kept and submitted weekly to the Town Clerk. Contract payments to be made as listed on Contract.

Contractor shall carry and maintain all required insurance (general liability and commercial automobile) and list the Town of Granville the certificate holder on all policies for this contract period. All trucks and equipment used for this contract shall be registered and inspected where applicable, insured and in working condition.
