

Granville Selectboard Special Meeting

August 24, 2026

In attendance: Jared Rouleau, Mike Eramo, Sarah Wraight (TRORC), Doug Viehmann (GVV Architects)

4:25 – 4:58 pm

Selectboard members discussed modifications to construction documents for the Town Hall Accessibility project, to accommodate the state Division for Historic Preservation's request that the elevator be installed in the back of the building. The addition will be widened so that the elevator can be placed adjacent to the exterior wall. With this new configuration, there will no longer be a window in the stairwell. A pathway will be paved around the back of the building for access, and an accessible parking spot will be located in the back of the parking lot. Doug Viehmann will revise the drawings and confirm with the fire marshal that they meet state requirements.

Respectfully submitted,

Sarah Wraight, Planner

Two Rivers Ottawaquechee Regional Commission
